

LAUGFS SUPER SOLIDS

A Grip On The Future

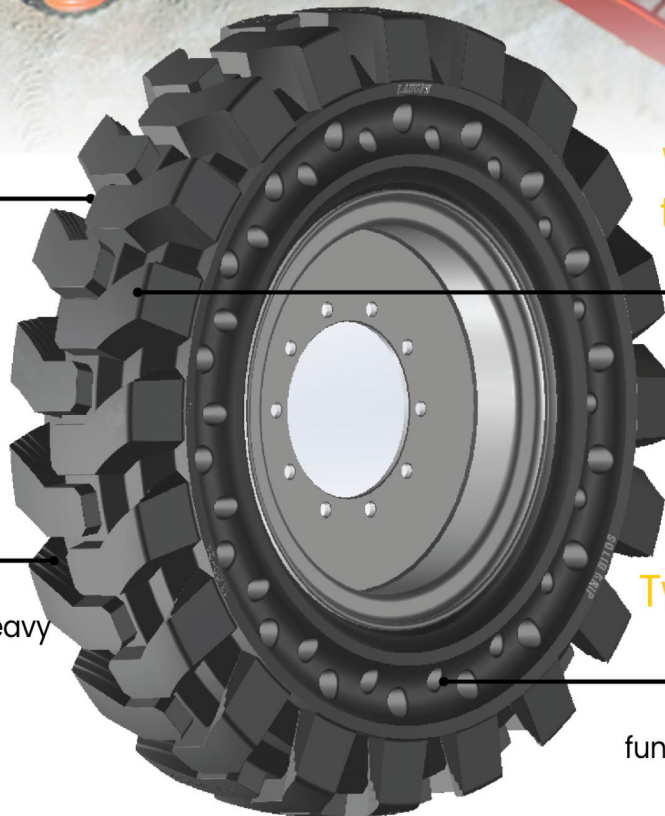

Extra wide deep lug design

Provides Longest wear and
excellent traction in off road
conditions

An open spaced traction pattern with self-cleaning property

Provides traction capability
resulting in ease driving on heavy
dirt and mud conditions

Wide based flat tread with large contact area

For even distribution of
ground contact pressure

Two row aperture sidewall design

Makes excellent cushion
function and driving comfort

LAUGFS SUPER SOLIDS

A Grip On The Future

LAUGFS Super Solid Tyres are designed for tough on the road and off the road construction machineries and vehicles. It is designed with extra deep directional tread and deep lugs to provide traction and durability. The wide-tread pattern and extra thick sidewall prevents tyre distortion while cornering. Its self-cleaning design keeps the tire clean of mud and dirt and makes the machine more energy efficient.

SKS - Super Solids
